

Neighbourhood Plan

Brief Update for Parish Council Meeting – 18th August 2021

Landscape Character Assessment (LCA)

- An initial meeting with the LCA Consultant took place on 11th August which included a comprehensive tour of the village to allow him to become familiar with the area. He is now commencing work on the LCA and further dialogue is expected as he develops his report.

Design Code

- An initial meeting with the Design Guide Consultant is scheduled for 17th August to discuss overall content and how we deal with specific aspects which we would like to include in our requirements for future developments.

Long Term Vision

- The NP Steering group is considering development of a section in the NP where we set out some basic principles and ideas for our “long term vision” of how the village may evolve in the future to ensure we can address a number of major issues and preferences identified by residents.
- It is anticipated that a first draft of this proposal could be ready for presentation to the Parish Council at the September or October meeting.
